Analysis & Opinion

What I loved most about this book is how
different each story felt. One of the characters
even says "He is not just a monkey - he is family
now!" and that line made me laugh out loud.

Some stories were a bit bad, not good.
But that didn't take away from fun.

The book not only funny, it's make me
how to think. It shows how silly and sweet life
will be. I say in single word it is the
book that changes your mood without trying too
hard.

Personal Connection

This book really made me smile. In everyday day to
day life there is something to laugh about. I
could relate to many stories because I have seen
similar people in similar situations.

Reading this book also made me to think
back on some of my own funny stories / memories.
It helped me to locate those moments in a lighter
way.
